

Deborah J Seligsohn

Political Science Department, Villanova University • Villanova, Pennsylvania 19085
Phone: (619) 933-9200 • E-Mail: dseligso@villanova.edu • Website: www.debseligsohn.com

Academic Employment

- Assistant Professor, Department of Political Science, **Villanova University** August 2018- present
Villanova, Pennsylvania
- Scholar in Residence, Watson Institute for Public and International Affairs, Spring 2022
Brown University

Education

- Ph.D. **University of California, San Diego** 2018
Dissertation: Corporate Concentration and Air Pollution Governance in China
Committee: Emilie Hafner-Burton (co-chair), Victor Shih (co-chair),
Stephan Haggard, Susan Shirk, and David Victor
- MPP **Princeton University**, Woodrow Wilson School 2002
Certificate in Science, Technology and Environmental Policy
- BA **Harvard University** 1984
cum laude, East Asian Studies

Research Interests

Environmental Politics, Public Health Politics, Chinese Politics, Authoritarian Politics, US China Relations, Energy and Environmental Policy

Academic Journal Publications

- P. Adman, N. Lejavardi, **D. Seligsohn**, “American Attitudes Toward Climate Migrants: Findings from a Conjoint Experiment,” *PS: Political Science & Politics* *forthcoming*
- J. Kuk, **D. Seligsohn**, J. Zhang, “The Partisan Divide in U.S. Congressional Communications after the China Shock,” *Economics & Politics*. January 2022
- **D. Seligsohn**, “Book Review of *Greening East Asia: The Rise of the Eco-Developmental State*, Edited by Ashley Esarey, Mary Alice Haddad, Joanna I. Lewis and Stevan Harrell,” *The China Quarterly*. April 2021
- **D. Seligsohn**, “The Rise and Fall of the US-China Health Relationship,” *Asian Perspective*. Fall 2020
- **D. Seligsohn**, “Comment: Does the Establishment of The Ministry of Environmental Protection Matter for Addressing China's Pollution Problems? Empirical Evidence from Listed Companies,” *Journal of East Asian Studies*. 2019

- **D. Seligsohn**, M. Liu & B. Zhang, “The Sound of One Hand Clapping: Transparency Without Accountability,” *Environmental Politics*. 2018
- S. Kuk, **D. Seligsohn**, J. Zhang, “From Tiananmen to Outsourcing: How Rising Import Competition Influenced Congressional Behavior Towards China,” *Journal of Contemporary China*. 2017

Book Chapters

- “China’s Vaccination Politics: Ambition Amidst Zero Covid,” in *Vaccination Politics: The comparative politics of COVID-19 vaccinations*, eds. Scott L. Greer, Elizabeth King, Elize Massard da Fonseca, Holly Jarman, the University of Michigan Press. *forthcoming*
- “Approaches to Climate Change Research in China: Collaboration and Field Work” in *U.S.-China Scholarly Recoupling: Advancing Mutual Understanding in Era of Strategic Competition*, ed. Scott Kennedy, the Center for Strategic and International Studies. 2024
- “Chinese Power Sector Regulation: Key Lessons for Developing Nations,” in *Towards a New Multilateralism: Cultural Divergence and Political Convergence?* eds. Thomas Meyer, José Luís de Sales Marques, Mario Telò, Routledge. 2020
- “Energy in China,” in *Planning for Innovation: Understanding China’s Plans for Technological, Energy, Industrial, and Defense Developments*, Tai Ming Cheung, lead author, a report prepared for the US-China Economic and Security Review Commission. 2016
- “Environment as an element of development: The growing role of energy efficiency and environmental protection in Chinese economic policy,” in *Getting Development Right: Structural Transformation, Inclusion and Sustainability in the Post-Crisis Era*, ed. Eva Paus, Palgrave MacMillan. 2013

Works in Progress

- “Electrification of Transport in China,” chapter in edited volume *Learning from East Asia’s Clean Energy Transition*, eds. Ashley Esarey, Mary Alice Haddad, Stevan Harrell and Joanna Lewis. Chapter completed, manuscript being submitted to publishers.
- “Corporate concentration and air pollution governance in the Chinese Power Sector,” article to be submitted.
- “US-China Science Relations: A Path-Dependent Paradigm,” article in draft.

- “China is on a Decarbonization Pathway Despite Coal Plant Construction,” perspective piece in draft.
- “US-China Climate Cooperation: What do the experts expect?” data collection in progress.
- *Taming the Tigers: the Chinese Government’s 20 Year Effort to Control Industrial Air Pollution*, book in draft.

Non-Academic Work Experience

- Principal Advisor, China Climate and Energy Program
World Resources Institute, Beijing, China 2007 - 2012
- Foreign Service Officer, U.S. Department of State 1986-2007
 - Served in Beijing, Guangzhou, Kathmandu, New Delhi and Wellington

Invited Talks

- “China and Climate Change,” invited speaker for panel “China and the Issues of International Political Economy,” the Center for International Development and Conflict Management, the University of Maryland. April 2024
 - “Advancing US-China Cooperation on the Ground: Improving Climate and Public Health Policy through Advocacy and Diplomacy,” Davidson College. February 2024
 - “How Science Diplomacy Helps the US and China Address Critical Global Problems,” University of North Carolina Chapel Hill. February 2024
 - “From Rivalry to Resilience: US-China Engagement on Climate and Public Health,” invited panelist to the “Forum in Honor of Jimmy Carter and the 45th Anniversary of US-China Relations,” the Carter Center, Atlanta. January 2024
 - “Charting a Path for Scholarly Exchange in an Era of Strategic Competition,” invited panelist for online discussion as part of the 2nd Annual Big Data China Conference, Center for Strategic and International Studies, Washington, DC, held on line and broadcast. December 2023
 - “Research experience in China: Challenges and Opportunities,” online presentation to the National Committee on US-China Relations Public Intellectuals Program. October 2023
 - “Climate Change,” invited panelist to “US-China People’s Dialogue: Our Stories, Our Ideas,” the National Committee on US-China Relations and the Center for International Security and Strategy Tsinghua University, in New York. October 2023
 - “US-China Science and Technology Agreement: Challenges to Renewal,” online talk to the APA Justice Monthly convening meeting. September 2023
- August 2023

- “What the US Wins from Science Collaboration with China,” invited talk as part of “US China Science and Technology Cooperation,” an online conference hosted by the University of California Berkeley Law School. May 2023
- “China Challenges: A Nation’s Problems Viewed from the Inside Out,” invited panelist for discussion of firsthand Covid experiences at the University of Chicago, Institute of Politics, Chicago. March 2023
- “Guide to Careers in International Affairs,” University of Kansas, by zoom. March 2023
- “China, the United States and the Climate Challenge,” invited talk to the American Chamber of Commerce, Shanghai, by zoom. February 2023
- “Recent Visitors to China: Takeaways & Next Steps,” panel discussion sponsored by the Center for Strategic and International Studies, Washington, DC, on YouTube. January 2023
- “China Climate and Environment,” panel speaker at the “Future of US-China Relations” Project workshop, the University of Pennsylvania. December 2022
- “Have US-China Tensions Affected American Innovation,” invited panelist, online discussion, Center for Strategic and International Studies, Washington, DC. November 2022
- “China and Climate Change,” Annual China Town Hall event, a national event, where I spoke at the University of Kansas’s event, by zoom. November 2022
- “The Unfortunate Decline in US-China Scientific Relations,” Center for International Security and Strategy, Tsinghua University, Beijing. November 2022
- “How the US-China Science Relationship Went Off the Rails,” Watson Center for International and Public Affairs, Brown University. April 2022
- “Clean Before Free: How an Autocracy Conquered Air Pollution,” Watson Center for International and Public Affairs, Brown University. April 2022
- “Corporate Political Influence and the Chinese Air Pollution Challenge,” Yale University School of the Environment. March 2022
- “The New US-China Joint Declaration on Climate,” invited panelist, California-China Climate Initiative online event, University of California Berkeley. December 2021
- “Climate Change, Environmental Problems, and Global Security,” Rowan College Global Studies Lecture Series. September 2021
- Panel speaker at “UN Climate Change Report: A Time to Act,” Villanova University. September 2021
- Panel speaker at Columbia University-Energy Foundation roundtable on low-carbon hydrogen fuels. June 2021
- “US-China Climate Relations in the Global Context,” invited lecture at Vassar College. May 2021
- “Climate Relations between the US and China,” California Institute of Technology. April 2021

- “Fighting Climate Change,” invited lecture at Chapman University’s Sixth Annual Public Policy Conference. April 2021
- “Reframing US-China Climate Relations: Competition as the Key to Climate Mitigation,” invited lecture, New Energy: Conversations with Early-Career Energy Researchers, Irving Institute for Energy and Society, Dartmouth College. January 2021
- “Revitalizing the US-China Science Relationship in a New Administration,” keynote address, China Science/Diplomacy – an Empathetic Approach, Sam Nunn School of International Affairs, Georgia Institute of Technology. January 2021
- Panel Speaker on China’s climate and environmental prospects at “Doubling Down on China, Inc.: An Initial Analysis of China’s 14th Five-Year Plan,” sponsored by the Center for Strategic and International Studies. November 2020
- Panel Speaker at “The Coronavirus Crisis and the Global Race for a Vaccine,” Krasno Event Series, University of North Carolina Chapel Hill.
- “US-China Climate Change Cooperation: Working Toward a Green New Deal,” with Angel Hsu, at the Future of US-China Relations Project, University of Pennsylvania. September 2020
- Panel Speaker at "Cooperation or Cold War: Navigating U.S.-China Relations In Times of COVID and Climate Change, " The Quincy Institute. June 2020
- Panel Speaker at “COVID-19 Global Impacts: US-China Relations,” at UC San Diego School of Global Policy and Strategy. May 2020
- “Corporate Political Influence and the Chinese Air Pollution Challenge,” at John’s Hopkins University Initiative for Sustainable Energy Workshop. April 2020
- Panel Speaker at “COVID-19: Pathway to Pandemic?” Brandeis University. April 2020
- “China’s SARS Experience,” at Coronavirus Teach-In, Yale-NUS College. March 2020
- “Corporate Political Influence and the Chinese Air Pollution Challenge,” at Yale-NUS Politics Workshop. March 2020
- Chinese Power Sector Regulation: Key Lessons for Developing Nations,” at the “2019 Multiple Modernities Conference,” Institute for European Studies of Macau. March 2020
- “The Partisan Divide in U.S. Congressional Communications after the China Shock,” invited talk at Tsinghua University, BP Energy Center. November 2019
- “Corporate Concentration and Chinese Air Pollution Governance,” invited talk at Nanjing University, School of Environmental Studies. June 2019
- “Prospects for Global Environmental Cooperation,” invited talk at the Villanova School of Business Research Insights Symposium, “The Future of Globalization,” Villanova University. June 2019
- “Corporate capture and air pollution governance in the Chinese Power Sector,” invited talk to the Political Science Department, Michigan State University. May 2019
- “Corporate capture and air pollution governance in the Chinese Power Sector,” invited talk to the Political Science Department, Michigan State University. April 2019

- “Corporate Political Influence and the Chinese Air Pollution Challenge,” invited talk at the Center for the Study of Contemporary China, University of Pennsylvania. January 2019
- “Trade Wars, Who Wins? Who Loses?” panel discussion at Villanova School of Business, Villanova University, November 2018
- “Corporate Political Influence and the Chinese Air Pollution Challenge,” invited talk at the Arthur L. Irving Institute for Energy and Society, Dartmouth College. October 2018
- “China’s Role in the Global Climate Discussion,” invited talk at “Can China Save Us from Global Warming” at UC Irvine Long U.S.-China Institute. May 2017
- “U.S.-China Environmental Cooperation: A Changing Paradigm,” invited talk at USC U.S.-China Institute China Card Conference. September 2016
- “How China’s Five-Year Plan Addresses Energy and the Environment,” Testimony before the U.S.-China Economic and Security Review Commission, U.S. Congress. April 2016
- “Paris Compliance Prospects and Challenges for the United States and China,” invited talk at “Paris Compliance Prospects and Challenges for the United States and China,” invited talk at “The Environment: Issues & Strategies in China & the U.S.,” the University of California, Santa Barbara. April 2016
- “Climate Change Issues In China and India,” invited talk at panel, “Asia Beyond the Headlines, Asia, Climate Change and the Paris Climate Conference,” Association for Asian Studies Annual Conference. April 2016
- “After the “Air-pocalypse” what is happening with China’s environmental policies?” University of California, San Diego, 21st Century China Program Public Lecture. March 2013
- “Chinese Climate Policy: Domestic Imperatives and International Strategy,” invited talk at Brown University conference "Beyond Competition? China, Climate Change, Security and the Developing World." April 2012
- “China and the Environment,” invited talk at Mt. Holyoke College conference, “Securing Development for All: The Great Challenge of the 21st Century." March 2012
- “Climate and Energy Security,” Presentation at the Central Party School of the Chinese Communist Party. December 2011
- “The Transformation of China's Energy System: Challenges and Opportunities,” Testimony Before the House Energy and Power Subcommittee of the House Energy and Commerce Committee. April 2011
- “Coal in China: Industrial Efficiency and China in the Global Context,” Side Event Presentation, UN Framework Convention on Climate Change Council of Parties, Tianjin. October 2010

- “Measurement and Financing Tools for Reducing Carbon Emissions,” August 2010
Conference for Development and Reform Commission Officials, British Pavilion, Shanghai World Expo.
- “China’s System for Measuring, Monitoring and Reporting Energy and Climate Data,” Testimony Before the Congressional-Executive Commission on China. April 2010

Conference Presentations

- “US-China Climate Cooperation: What do the Experts Expect?” presented at the Association of Asian Studies Annual Meeting. March 2024
- “Chinese approach to electrified transportation and its potential use in developing countries,” presented at the Conference on Sustainable Development, Zhejiang University, Hangzhou, China. August 2023
- “Electrification of Transport in China,” presented at Learning from East Asia's Clean Energy Transition Workshop, Asilomar, CA. June 2023
- “Teaching Environment, Climate and Policy in 21st Century China,” roundtable panel participant, Association of Asian Studies. March 2023
- “From Embrace to Fear: The Transformation of US-China Scientific Relations,” Society for the Advancement of Socio-Economics Annual Meeting, Amsterdam, the Netherlands. July 2022
- “How US-China Scientific Relations Went Off the Rails,” Association of Asian Studies Annual Meeting, Honolulu, HI (by zoom). April 2022
- “The Partisan Divide in U.S. Congressional Communications after the China Shock,” presented at the American Political Science Association Annual Meeting. August 2019
- “Using Competition to Break an Information Monopoly: The Case of the Chinese Oil Companies,” presented at Western Political Science Association Annual Meeting. April 2019
- “Corporate Concentration and Air Pollution Governance in China,” paper presented at American Political Science Association and Association of Asian Studies Annual Conference. March and September 2017
- “Rising Import Competition and Congressional Voting Towards China,” paper presented with John Kuk and Jack Zhang, American Political Science Association Annual Meeting. August 2015
- “Does Chinese Central Government Attention Change City Behavior?” American Political Science Association and Midwest Political Science Association. April and August 2014
- “Government Transparency and Local Government Performance,” with Mengdi Liu and Bing Zhang, Shanghai Jiaotong University Environmental Economics Workshop and Midwest Political Science Association. July 2014 and April 2015

- “China’s System for Measuring, Monitoring and Reporting Energy and Climate Data,” Testimony Before the Congressional-Executive Commission on China. April 2010

Bilateral Dialogues

- Task force member, “US-China Scholarly Exchange Dialogue,” sponsored by the Center for Strategic and International Studies and Beijing University School of International Studies. July 2023 – March 2024
- Discussant, Chatham House Strategic Dialogue Series on China, Energy and Climate Change. November 2021 – present
- Presenter and discussant, U.S.-China Science and Technology Dialogue Series, sponsored by the Center for Strategic and International Studies and the China Association for Science and Technology. August 2020 - the present
- Discussant, U.S.-China Relations Dialogue Series, sponsored by the Center for Strategic and International Studies and the Peking University Institute of International and Strategic Studies. September 2020 – the present
- Discussant, High-Level Japan-US Strategic Dialogue on Clean Economy & Climate Cooperation: Session 3, Mobilizing Action by China, sponsored by Climate Advisers. December 2020

Fellowships and Honors

- Rockefeller Brothers Fund Research Grant 2022-2023
- Woodrow Wilson Center Fellowship 2021-2022
- Fulbright Hays Dissertation Research Development Grant 2015-2017
- Association for Asian Studies Conference Grant 2017

- University of California San Diego, Sanford Lakoff Research Fellowship 2015
- Institute for Qualitative Methodological Research Workshop Fellowship 2014
- Nanjing University Summer Research Fellowship 2014
- University of California San Diego, Comprehensive Exams, Distinction 2014
- Chinese University of Hong Kong, Conference Fellowship 2014
- University of California San Diego PhD Program Full Fellowship 2012-2018
- Woodrow Wilson School Foreign Affairs Agency Fellowship 2001-2002
- US Department of State Meritorious Honor Awards 1988, 1999, 2000, 2005
- Harvard College Scholar 1981, 1983

Affiliations/Memberships

- Non-resident Associate, Center for the Study of Contemporary China, the University of Pennsylvania
- Wilson Center China Fellow
- Non-resident Senior Associate, the Center for Strategic and International Studies
- National Committee on US-China Relations, American Political Science Association, and Association of Asian Studies

Service

- Senior Advisor to the Penn Project on the Future of US-China Relations.
- Advisor Council Member, Brookings-CSIS project on “Advancing Collaboration in an Era of Strategic Competition.”
- Reviewed for *Science*, *Energy Policy*, *Journal of East Asian Studies*, *Regulation and Governance*, *World Development*, *China Environment Series*, *Review of Policy Research*, *Global Environmental Change*, *Columbia University Press*
- Served on Villanova Political Science Search Committee and Graduate Committee, Villanova CLAS Sustainability Committee
